

GEORGE E. MURPHY FELLOWSHIP AWARD

At one of the last meetings he attended, George Murphy, a member of the Executive Committee and past president of the organization commented on what the Old Charlestown Schoolboys Association meant to him. He said: *“It keeps you in touch with all the people you knew, all the people you went to school with, all the people you played ball with, all the people you played against.”* George was a member for many years. He was always a positive influence to whomever he met.

In recognition of the outstanding support and dedication George E. Murphy exhibited through out his lifetime, the Executive Board has established the
